# **Sustainable Energy Finance Directory**

## **A Listing of Lenders and Investors**

SEFI is proud to announce a revised, updated, and expanded directory of companies and organisations involved in sustainable energy finance.

The Sustainable Energy Finance Directory is an essential tool for those involved in the banking and energy sectors.

- Free-of-charge online database of lenders and investors that provide finance to the renewable energy and energy efficiency sectors in all regions of the world
- Includes debt capital, private and public equities, funds of funds, carbon finance, export credits, insurance, microfinance
- Provides a description of each source's activity and focus – including technologies and geography - as well as up-to-date contact details

The SEF-Directory helps project developers and entrepreneurs identify potential sources of capital easily and quickly.

It is part of SEFI's growing portfolio of practical tools designed to lower barriers to investment in the sustainable energy sector.
